Pick One Form: Extra Practice

Change every number to one form first, fractions or decimals. Halves, fourths, fifths, eighths and tenths can be decimals. A third means stay in fractions. Then change any subtraction to adding the opposite, and add.

Name: _____ Date: _____

1. $3\ 1/2 + (-1.25)$

2. $-0.5 + 4\ 3/4$

3. $2.4 - 5\ 1/5$

4. $-1\ 1/4 - 0.75$

5. $6\ 3/8 - 7.5$

6. $-2/3 + 0.5$

7 $0.25 + (-5/6)$

8 $-3.75 - (-1\ 1/2)$
